Project and Administration manager: Mr. G. Zuze is a certified project manager(PMP) and holds post graduate diploma in project management. He accrued a well-deserved reputation of running construction projects within prescribed constraints for nearly 10 years. He is a holder of bachelor's degree in accounting and is currently studying Strategic and Corporate Governance Master's Degree.

Site manager: Mr. T. Godo has vast experience in supervising and construction projects and holds a diploma of construction management.

Brick Laying

Building or repairing walls in accordance with construction plans. We also build or refurbish chimneys, arches and other structures. We work on construction projects of all sizes, ranging from small residential dwellings to large commercial properties.

Painting

Applying paint to surfaces including canvas, walls, floors, doors, roofs and cabinets. We use paint, varnish, shellac, enamel, and other finishes. Scrape, sandpaper, prime, or seal surfaces filling cracks and holes with appropriate material prior to painting.

Wall Finishing

Providing a decorative skin to conceal building components including structural members, insulation, pipes and wires considering use of the structure and maintenance, we apply finishes such as plastering, skimming, painting, tiling and laminates.

Roofing

Working on houses and buildings to build, maintain and repair roofs, we use a variety of tools and materials to get the job done depending on the type of roof, including asphalt, galvanized steel sheets, asbestos, tiles and thatching

WHAT CAN WE DO FOR YOU?

Absolute Construction Projects represents a diverse selection of construction expertise. With the right team, equipment and planning, our company is capable of taking on any construction challenge – and we have done so, proving ourselves time and again through the quality of work we deliver. Every project we work on require our team's brains as much brawn. Logistics, budgeting, soil conditions, safety preparation, weather forecasting and selecting the appropriate equipment and team members must all be weighed and considered before ground can be broken. It is this commitment to unwavering quality of work that has earned us and our projects reputation.
